Ride Free on California Clean Air Day

California Clean Air Day is Wednesday, Oct. 4. Join in to do your share for clean air.

Motor vehicles are the top contributors of pollutants that cause smog in Southern California, so choosing an alternative to driving alone is a great way to help reduce air pollution.

Metrolink is offering free rides throughout its system all day on Clean Air

Day. Rides will also be free on **Metro bus, rail and bike share** (use code 100423), **OC Bus** and all **San Bernardino County** and **Ventura County** transit providers.

Make the pledge to make any of dozens of little changes—like planting a tree or walking to lunch instead of driving—that can really add up to improve air quality.
