Get in Gear for Bike Week

National Bike to Work Week (also known as Bike Week) is Sept. 21-27, a celebration of two-wheeled travel.

What's happening in Southern California...

- Join Metrolink for Bike to Work Day, Tuesday, Sept. 22. Ride to the station, then bring your bike on board (bikes are allowed on all train cars). Look for details on [Metrolink's Twitter page](#) or at [metrolinktrains.com](#).

- L.A. Metro will celebrate Bike Week and Bike to Work Day by hosting virtual activities. Details will be posted at [metro.net/bikemonth](#).

- In Orange County, register each time you ride your bike Sept. 21-27 at [octa.net/bike](#) to qualify to win a Trek 2 bike and Saris Bones 2-Bike bike rack. The more times you ride the more chances you have to win.

- In Ventura County, pledge to bike instead of driving alone during Bike Week for a chance to win gift cards. You can make the pledge at [goventura.org](#).

3 Reasons Biking Is the Way to Go

1. You can get where you need to go while following social distancing guidelines.
2. You'll burn calories instead of money on gas.
3. It's zero-pollution so you'll reduce your carbon footprint.

\$10 Holiday Fare

On Labor Day, Sept. 7, ride Metrolink, all day, anywhere you need to go for the special fare of \$10.

Have You Filled Out Your Census Form?

The deadline to submit has been extended to Sept. 30. Federal and state governments use Census data to decide how to fund public services and infrastructure—including roads, freeways and public transit.

You should have received a form in the mail, or you can complete the [online Census form](#). Fill it out and be counted!

National Drive Electric Week

National Drive Electric Week is Sept. 26-Oct. 4 and celebrates this clean-air way to commute. The week kicks off with a national online event on Sept. 24, 5-6:15 p.m. (PT)—RSVP for a chance to win \$250.

Find details and a list of all events at [driveelectricweek.org](#).

Go511 for Daily Updates

Get the latest transportation information due to COVID-19 at [go511.com](#). The website posts daily updates on freeways, express lanes, toll roads and transit providers throughout Southern California—including closures, fare and route changes, rules for riding, service expansions and more.
